AVIONICS

The Garmin G-1000 NXi Avionics Suite will consist of the following:

- All-new metal instrument panel
- Dual integrated radio modules, providing WAAS-certified GPS; VHF navigation with ILS; and VHF communication with 16-watt transceivers and 25 khz or 8.33 khz channel spacing (GIA 64E)
- Dual Mode-S transponders with ADS-B out and in (QTY: 1 GTX 345R and QTY: 1 GTX 335R)
- Dual solid-state Attitude and Heading Reference and dual digital air data computers all in one System (GSU 75B)
- Three-axis digital Automatic Flight Control System (GFC 700)
- Four-color digital weather radar with stabilization (GWX 75)
- Integrated Class-B TAWS terrain alerting with worldwide terrain and U.S. database
- SXM Satellite Radio datalink receiver (GDL 69A)
- RVSM airframe certification
- Standby instrument package

Key NXi upgrade features:

- Displays initialize within seconds after start-up, less than 10 seconds
- Faster, modern processing power that supports faster map rendering and smoother panning throughout the displays.
- Improved readability with new LED back-lighting, increased display brightness as well as improved dimming performance.
- Enables simpler and faster replacement of LRUs
- Automatically loads correct software and configuration to replacement unit
- Takes installed options into account
- Reduces need to reload entire system software and configuration when a unit is replaced
- Unique fleet and configuration IDs ensure the correct aircraft configuration is loaded
- Higher resolution 15" MFD

- Optional Flight Stream 510 which enables Database Concierge, wireless transfer of aviation databases from

Garmin Pilot app.

- FS 510 supports two-way flight plan transfer

- Pilots can now select visual approaches that will provide vertical guidance based on a 3 degree glideslope. Pilots

can intercept and fly a visual approach coupled to the autopilot.

- HSI Map Overlay on PFD

Supports display of:

Weather Radar

FIS-B Weather (This feature is not available when TCAS II is installed with the G1000 Suite)

Safe Taxi

Relative Terrain

Sirrus XM Weather

INTERIOR

Beige Leather with seven seats

EXTERIOR

Overall White with Ming Blue and Tibetan Gold stripes
